INDEX TO VOLUME XXXIV, 1922.

PAGE

Airship, Vacuum, The 337
Ammonia Motor, A Closed-Cycle 160
Analysis, Daily, of Engineering Performances, by R. D. Sweeney, Ensign, U. S. N., Member 597
Appendix 148
Association Notes 167, 344, 492, 660
Automatically Steered Bodies, Directional Stability of, by N. Minorsky 280
Boiler, Dyson The, by H. G. Cooper, Lieut. Commander, U. S. N. 33
Book Reviews 164, 340, 658
Charts, Engineering, Practical, by K. F. Smith, Lieut. Commander, U. S. N. 56
Cleary, F. J., Commander, U. S. N., The Production of the Mines for the Northern Mine Barrage 438
Condensers, Main, of Battleships *Tennessee* and *Maryland*, Test of, by Joseph B. Lincoln and O. A. Van Denburgh, Jr., Mechanical Engineers 579
Condenser Tubes, Protection of, from Corrosion and Season Cracking 480
Cooper, H. G., Lieut. Commander, U. S. N., The Dyson Boiler 33
Critical Speeds, Calculation of 114
Crystallization 649
Destroyer Performance, Effect of Increased Displacement on, by J. McC. Irish, Lieut. Commander, U. S. N. 73
Destroyer Program, War Time, by W. C. Owen, Lieut. Commander, U. S. N., and John F. Shafroth, Lieut. Commander, U. S. N 345
Diesel Engine, Marine, Largest 457
Diesel Machinery for Single-Screw Motor Ships 458
Disarmament, Naval, Reflections on 151
Displacement, Increased, Effect of, on Destroyer Performance, by J. McC. Irish, Lieut. Commander, U. S. N. 73
Donald, H. G., Lieut. Commander, U. S. N., Seagoing Tugs Nos. 21 to 39, Inclusive; Description and Trial Data 385
Donald, H. G., Lieut. Commander, U. S. N., Efficiency Test of Two 22,500 H.P. Single Reduction Gear Units, by Method of Losses 497
Double-Acting, Two-Cycle Diesel Engine, New 627

Ducey, David F., Lieut. Commander, U. S. N., Thacher Process of Moulding Propellers 1
Dyson Boiler, The, by H. G. Cooper, Lieut. Commander, U. S. N. 33
Electric Units, Large 127
Electrical Energy, Surplus, for Steam Production 466
Electrical Transmission and Mechanical Gearing 468
Electro-Deposition of Iron 485
Enamel, Patent, for Ship's Propellers 644
Engines, Marine 149
Exhaust Valves of Nickel-Chromium Alloy 625
Feed Water Heater, Open, Cochrane, Test of, by J. P. Searles, Lieut. (CEC), U. S. N. 430
Ferryboats Can be Operated on More Economic Basis 330
Gasoline Storage Tanks, Protecting, from Evaporation, by R. Z. Kirkpatrick, Chief Hydrographer, Panama Canal 592
Gear, a New Form of 479
Geared Drives, Nodal Arrangements of 474
Gearing, Mechanical, and Electrical Transmission 468
George Montefiore Foundation, Triennial Prize 341
Gillette, C. S., Lieut. Commander, U. S. N., Modern Searchlights 527
Gyro-Stabilizer, Sperry, The Latest Installation 487
Howard, H. S., Commander (CC), U. S. N., Hydraulic Steering Gears 259
Howarth, H. A. Stevens, Friction Tests of Propeller Thrust Bearings 564
Internal Combustion Engine, Oil-Injection Type, The Rising Importance of 95
Internal-Combustion Engineering 321
Irish, J. McC., Lieut. Commander, U. S. N., Effect of Increased Displacement on Destroyer Performance 73
Iron, Electro Deposition of 485
Irvine, R. L., Commander, U. S. N., Shop Tools for Special Purposes 310
Jessop, E. P., Captain, U. S. N., Welding, its Uses and Abuses 415
Jones, C. A., Lieut. Commander, U. S. N., U. S. S. *Tennessee*, Description and Official Trials 171
King, J. H., Fireroom Control of U. S. S. *Tennessee* 18
Kirkpatrick, R. Z., Protecting Gasoline Storage Tanks from Evaporation 592

Kitchen Rudder, Some Observations on 150
Larsen Plane Establishes World's Endurance Record 334
Lincoln, Joseph B., Test of Main Condensers of Battleships *Tennessee* and *Maryland* 579
MacReady's Altitude Flight 153
Magnesium Metal, New 318
Majestic, The White Star Liner 452
Marine Propulsion, A New Development in 324
Maryland and *Tennessee*, Test of Main Condensers, by Joseph B. Lincoln and O. A. Van Denburgh, Jr., Mechanical Engineers 579
Mercury Boiler and Turbine, First, Being Made Here 638
Mines for the Northern Mine Barrage, Production of, by F. J. Cleary, Commander, U. S. N. 438
Minorsky, N., Directional Stability of Automatically Steered Bodies 280
Motor Ships, Single-Screw, Diesel Machinery for 458
Museum, Engineering, National 490
Nickel, 99 per cent, Rolled Products of 314
Ogden, Nelson, Friction Tests of Propeller Thrust Bearings 564
Owen, W. C., Lieut. Commander, U. S. N., War-Time Destroyer Program 345
Panama Canal, Water Supply of 645
Pistons, Light Metal 319
Propeller Design, Progress in, by S. E. Slocum, Ph.D 403
Propeller Shafts, The Rake of 639
Propellers, Thacher Process of Moulding, by D. F. Ducey, Lieut. Commander, U. S. N. 1
Reduction Gearing, Double 644
Reduction Gear Units, Single, Efficiency Test of Two 22,500 H.P., by Method of Losses, by Lieut. Commander H. G. Donald, U. S. N., Member 497
Searchlights, Modern, by Lieut. Commander C. S. Gillette, U. S. N., Member 527
Searles, J. P., Lieut. (CEC), U. S. N., Test of a Cochrane Open Feed Water Heater 430
Season Cracking in Brass, Prevention of by the Removal of Internal Stress 143
Shafroth, John F., Lieut. Commander, U. S. N., War-time Destroyer Program 345

Shop Tools for Special Purposes, by R. L. Irvine, Commander, U. S. N. 310
Slocum, S. E., Ph. D., Progress in Propeller Design 403
Smith, K. F., Lieut. Commander, U. S. N., Practical Engineering Charts 56
Stainless Steel and its Properties 156
Steel, "Vibrac" 318
Steering Engine, Eight-Thousand-Ton Motorship Without 647
Steering Gears, Hydraulic, by H. S. Howard, Commander (CC), U. S. N. 259
Still Engine, The 90
Submarines, The Cruising Endurance of 623
Sweeney, R. D., Ensign, Daily Analysis of Engineering Performances 597
Tennessee and *Maryland*, Test of Main Condensers, by Joseph B. Lincoln and O. A. Van Denburgh, Jr., Mechanical Engineers 579
Tennessee, U. S. S., Description and Official Trials, by C. A. Jones, Lieut. Commander, U. S. N. 171
Tennessee, U. S. S., Fireroom Control of, by J. H. King 18
Thacher Process of Moulding Propellers, by D. F. Ducey, Lieut. Commander, U. S. N. 1
Thrust Bearings, Friction Tests of Propeller, by H. A. Stevens Howarth, Associate Member, and Nelson Ogden 564
Tubes, Condenser, Protection of, from Corrosion and Season Cracking 480
Turbine, Gas 111
Turbine, Gasoline, New American 330
Turbines, Oil and Gas, Thyseen-Holzwarth 453
Turbine, The Internal Combustion 651
Tugs, Seagoing, Nos. 21 to 39, Inclusive; Description and Trial Data, by H. G. Donald, Lieut. Commander, U. S. N. 385
Underwater Fittings, Examination of, without Dry-Docking 486
Van Denburgh, O. A., Test of Main Condensers of Battleships *Tennessee* and *Maryland* 579
Vibrations, Angular, in Marine Propelling Machinery 120
Washington Conference, Some of the Consequences of, with regard to Naval Construction 633
Welding, Its Uses and Abuses, by E. P. Jessop, Captain, U. S. N. 415
Welding of Steel 134
